ADMIN USERS:

The diagram illustrates a hand-drawn wireframe of a web application interface, likely for managing user accounts. At the top, there is a header bar with the following elements from left to right: a circular logo placeholder, the text "Il Ritrovò" in a stylized font, and a navigation menu with four items: "HOME" (highlighted in yellow), "REVIEWS" (highlighted in blue), "USERS" (highlighted in green), and "EXTRAS" (highlighted in purple). To the right of the menu is a "LOGOUT" button. Below the header, the main content area is divided into two sections. The first section, titled "Banned users:", contains two rectangular boxes, each labeled with a user name and a "UNBAN" button below it. The second section, titled "Users:", also contains two rectangular boxes, each labeled with a user name and a "BAN" button below it. Ellipses in both sections indicate that there are more users listed. At the bottom center of the page, the website's name "Il Ritrovò" is written in a large, handwritten-style font.
